

QUEENSTOWN RESEARCH WEEK

CANCER SATELLITE

PROUDLY PRESENTED BY
TE AKA MĀTAURANGA MATEPUKUPUKU

31st August & 1st September

Please join us for this years Cancer Satellite Meeting, proudly presented by Te Aka Mātauranga Matepukupuku.

We are excited to showcase our invited speakers and are now accepting abstract submissions for the remainder of the programme. Additionally, there are 2x Early Career Researcher awards - top scoring abstracts will receive \$500NZD travel fund to support their attendance - can be applied for during abstract submission.

The organising group welcomes oral and poster abstract submissions on all subject areas relating to cancer research.

The themes of our programme are:

- Tumour Microenvironment
- Precision Oncology
- Cancer Immunology
- Genomics
- Therapeutics
- Cancer Biology
